

Project Partners:

- Dakota Electric Association
- CenterPoint Energy
- City of Apple Valley
- Center for Energy & Environment
- Great Plains Institute
- Many other community partners

Project Results (residential):

- > 95% of workshop attendees signed up for Home Visit
- 491 Home Visits (3% of homes)
- 5.2 million kWh savings*
- 15,500 MCF gas savings*
- \$ 700,000 in reduced bills*
- 42 completed insulation jobs
- 14 furnace replacements
- 5 months of project remaining

*Lifetime measure savings from low-cost measures only; additional savings are expected from behavioral and major homeowner improvements (insulation and furnace replacement).
