

# Weatherization

## What is Weatherization?

Renters and homeowners can receive free energy services and upgrades to help reduce their energy bills in Minnesota.

## How will it help you?

Weatherization services can decrease energy costs up to 30%.

Your utility bill and your home will be examined. Then you'll receive a report with energy-saving opportunities such as:

- Furnace, boiler, and water heater repair or replacement
- New programmable thermostat
- New smoke alarms
- New carbon monoxide detectors
- Exterior wall and attic insulation
- Sealing air leaks

## How to get this service:

Contact your local Weatherization Assistance Program Provider, on the back of this sheet, to see if you qualify.
